Iodine by Urine Clinic

\$210.00

4/28/21 or 10/13/21

1. What is Iodine testing by urine? A simple but valuable for thyroid, immune and breast health and toxin exposure testing through 2 dried urine samples. Results only include iodine levels.
2. Participants will need to our call office at [847 - 985 - 1200](tel:847-985-1200) to provide demographic and payment information to register for the workshop and receive the Iodine by dried urine kit by 2 dried urine samples. Be sure to send in samples at least 3-4 weeks or more prior to the workshop date so we can ensure personal results are received.
3. The **\$210.00 registration** is due when you call the office for the kit. This includes an e-mailed copy of your results, individualized goal and therapy sheet and handouts. ***There are no cancelations or refunds for any reason.***
4. The iodine by dried urine testing kit is designed to do at home without a lot of stress and medical appointments.
5. It takes approximately ~2-3 weeks for the results to come back.
6. There is not video with this clinic. Your individual test results, therapy goals and handouts will be e-mailed on the day of the clinic between 11 am-5 pm CST.
7. **Important:** The OTC supplements at Nutrition, Connection, Balance (NCB) are used and brought in through my verification and food science degree. MOST importantly, they have shown clinical effectiveness with thousands of our NCB clients; therefore, if you do have issues with your levels or your body is unresponsive to something, we know that it is not the supplement but that your body needs a different dose or therapy to achieve balance.
8. We **STRONGLY** advise you to order any recommended over the counter supplements directly from Nutrition Connection Balance/NCB at [847 - 985 - 1200](tel:847-985-1200) or e-mail your

order ncbteam@nutritionconnectionbalance.com after the results session for your individualized deficiencies and imbalances.

9. A copy of our “Supplement Guideline” sheet will be included with your e-mailed individual test results. Please read it so you do NOT risk the ingestion of contaminated supplements in the US and please **do not order supplements** from the internet!
10. **Approximately 79% of over the counter (OTC) supplements OR MORE on the market today do not contain the ingredients that are listed on the label, they are not absorbed effectively by a human or contain HARMFUL and TOXIC contaminants and ingredients you do not want in your body.**
11. If you are interested in Juice Plus+ & Vineyard Blend, JP Omegas or The Complete Shakes please order from the person that introduced you to it or call or e-mail NCB to get started. ncbteam@nutritionconnectionbalance.com
12. Please visit our website www.NutritionConnectionBalance.com for more information about NCB, upcoming events and clinics and testing services.
13. **You may need to see a medical doctor if your results require more than nutrition, lifestyle and over-the-counter therapies.**
14. We highly recommend you watch some of the 8 recorded medical and preventative lectures under “education” and previous episodes (left hand bottom corner) on www.nutritionconnectionbalance.com
