2025 NCB Individualized Testing Clinic Schedule

MUST READ:

Please register, pay, and get your clinic samples into the lab at least 5-6 weeks OR earlier than the CLINIC DATE. This ensures that you have your individual results for the actual release date!

All clinics occur on Wednesday's. A link with a pre-recorded video will be included explaining the overall testing. There will be specific clinical recommendations made for your individualized test results and handouts on or before the date of the clinic between 11 am-5 pm CST.

There are NO cancellations or refunds for any reason, and you can NOT move to another testing clinic or send in an old kit. Purchasing a kit for a clinic means it must be sent in for that clinic on that date.

FOR ALL TESTS: you will take all supplements/medications and eat/drink everything AS NORMAL unless NCB specifies to you otherwise.

We have additional tests that you can add to any clinic or do any time. See last page for more details and pricing!

*****Call or email NCB to order, or go to www.nutritionconnectionbalance.com and click on the shop tab.***
